From the best information obtainable at present we learn that Democratic newspapers in Comanche county, except one, are in favor of the primary system, and against the rotten convention plan of selecting candidates for county and district officers at the next county convention. That one is a Lawton paper, of doubtful political progeny and the mouthpiece of the chairman of the Democratic central committee and other convention boosters who dare not submit their names to the vote in a primary. It is hoped and we dare say that the average voter of Comanche county has intelligence enough to steer clear off the trap now being manipulated by the unjust and unholy crew of dark lantern grafters of doubtful political records who pose as Democrats, and who by their methods and actions say to the voters "We are 'It' and you fellows, for the lack of intelligence, must stand back and not monkey with the machine.—Duncan Banner.

Robert Ingersoll made the average of life beautiful, he placed man in a boat with splendid rigging and launched it on a summer's sea. Sweet flowers, grand music and good cheer were provided as happy pastime. Noble lessons of humanity were taught, friendship, brotherhood and the love of home were daily practised. And so long as the weather kept fair it was pleasant enough to be with him. But friends, he carried no life lines, when your dear ones became weary of the trip, dizzy from the long ride and fell overboard, no boats were lowered, they were lost for eternity, buried deep in the bosom of a sea that never gives up its dead. And then again he carried no compass and no chart. No need of hope to guide the boat to the magnetic harbor of God. When the skies darken over head and the waves leap high, no fear of hope glistens for the passengers on the golden shore of eternity.—Ex.

An exchange says a local merchant asked the editor to roast the city administration for letting an itinerant peddler come in there and undersell him on goods. This is what the editor wrote:

"City Dads, you will hereby

take notice that you are roasted for permitting peddlers to sell goods here. The merchant for whom we do this favor has his job work done in Chicago.

AND THE CAT CAME BACK

Last evening Mrs. Lillian M. Roberts returned from Colorado Springs, Colo., where she has been for a month recruiting after a serious spell of fever. She is at her old post on the Democrat after a two month's absence and the public will doubtless be glad to hear this for the editor is tired playing the poor game of everything from devil to news-gatherer.

For some time the Democrat has been short of help in the mechanical department and found it impossible to properly take care of its customers but we are glad to say this trouble is now over and we can turn out work "while you wait."

Facts Are Stubborn Things

Uniform excellent quality for over a quarter of a century has steadily increased the sales of LION COFFEE, The leader of all package coffees.

Lion Coffee

is now used in millions of homes. Such popular success speaks for itself. It is a positive proof that LION COFFEE has the Confidence of the people.

The uniform quality of LION COFFEE survives all opposition. LION COFFEE keeps its old friends and makes new ones every day.

LION COFFEE has even more than its Strength, Flavor and Quality to commend it. On arrival from the plantation, it is carefully roasted at our factories and securely packed in 1 lb. sealed packages, and not opened again until needed for use in the home. This precludes the possibility of adulteration or contact with germs, dirt, dust, insects or unclean hands. The absolute purity of LION COFFEE is therefore guaranteed to the consumer.

Sold only in 1 lb. packages. Lion-head on every package. Save these Lion-heads for valuable premiums.

HANCOCK DISC PLOWS

THE PLOW EVERYBODY IS TALKING ABOUT

Genuine **Hancock**

Disc Sulky, Gang and Engine Plows

Changes the Old Method of Plowing as the Twine Binder Did the Old Method of Harvesting.

WHY YOU SHOULD BUY THE HANCOCK DISC PLOW.

Because you can run a Hancock Disc Gang cutting 24 inches with less draft than you can run an ordinary 16 inch mould board plow, or a Triple Disc Plow cutting 24 inches with four horses, with less draft than any 16 inch mould board gang, because it pulverizes the ground and will plow hard, dry ground that you cannot plow with any other plow because the genuine Hancock weighs one-third less than any other disc.

Beware of cheap imitations which look like the Hancock but which lack the essential features covered by our patent that make the Hancock a success. The fact that all other manufacturers are trying to imitate the Hancock is the best evidence that the genuine Hancock is the best plow. You will find the words "Genuine Hancock" right on our tongue plate. The only successful disc plow on earth.

If you have tried other disc plows and failed to do so let that discourage you. You are sure to fail unless you try a genuine Hancock. Circulars and testimonials from prominent farmers furnished from all parts of the United States. Do not take our word for it. Try the machine. We send you on trial where we have no agent; not one cent in advance.

ENGINE PLOWS

Made with 4, 6, 8, 10 and 12 disc cutting the same number of feet. Can be increased or decreased in size at your convenience; are simple and an unqualified success. Can be created just as easily and with as much confidence as the ordinary horse plow. If interested write us for descriptive circulars, testimonials, etc., addressing
